

Simple, Clean UI that's easy for users: intuitive Design

Basic features: bullets, daily task, symbol, keep things short and simple.

Secret Journals

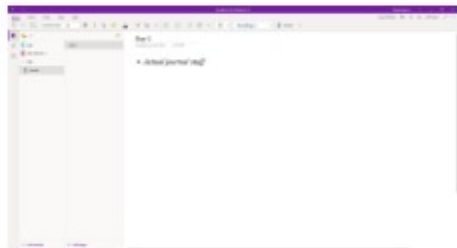

design our interface first

Can use color and shape to boost user experience

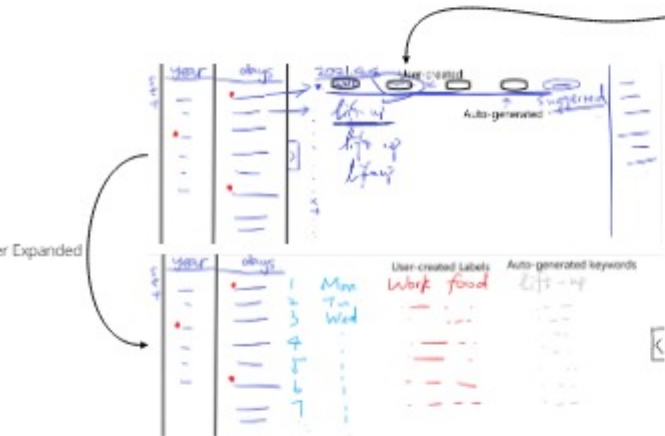

Color coding. Important

Different types of Bullets to denote different meanings for the tasks

Appearance/ Layout:
Yearly/ Monthly/ Weekly/ Daily preview (maybe do some smooth transition like zoom in/out)
Maybe 2 themes: Bright/Dark

Template Adding pictures
